

Exhibitor Service & Information Manual

This Service & Information Manual contains material which is vital to the successful planning, marketing and management of your display in the 2018 Utah International Auto Expo. Failure to read this manual and respond promptly in ordering services could result in unnecessary inconveniences.

The services and contractors listed in this manual are for your convenience. Expo management suggests that you employ the services of Modern Exposition Services, this year's official expo contractor, for your greatest efficiency and ease, since they are familiar with the expo and work schedule. All independent contractors must coordinate their work schedules with Modern Exposition Services and comply with all guidelines and insurance requirements.

Please note that insurance policies must provide coverage for all dates from move in through move out. All policies must include all required information as is listed in the Important Rules and Requirements section of this manual. Please refer to the sample insurance form enclosed, as all insurance policies must be completed correctly. Policies that are not completed correctly will be returned. All exhibit set up contractors must submit a correct and complete policy at least thirty (30) days prior to the first move in day of the expo or they will not be permitted to work in the South Towne Exposition Center.

The most up-to-date exhibitor information, including CAD floor plans (DWG format) and MES order forms, will be available for download from the Internet at www.AutoExpoUtah.com.

It is important that you review this manual with those individuals or agents having responsibility for your participation in the expo. Motor Trend Auto Shows thanks you for your cooperation and we wish you a most successful 2018 Utah International Auto Expo!

Important Rules & Requirements

Aisles for Emergency Purposes

The Fire Department requires that all exhibitors must leave one foot (1') of space on every public aisle and two feet (2') of space on any border of their exhibit which adjoins another display area. This will allow a four-foot (4') emergency aisle between each space. **If an exhibit is constructed beyond the set-back requirements as determined by the Fire Marshal, then the exhibit must be moved to conform.**

There can be no vehicles within ten feet (10') of a perimeter wall.

Alcoholic Beverages & Food Items

Alcoholic beverages and/or food cannot be brought into the South Towne Exposition Center.

Fire Regulations

Exhibitors must comply with all federal, state and local fire codes which apply to places of public assembly, in particular, Chapters 5, 8 and 31 of the Life Safety Code. All curtains, buntings, draping, etc., of any kind must be flameproof. Special care should be taken not to block or obstruct any fire hose or fire extinguisher cabinets, fire pull boxes, or entrances and exits within the South Towne Exposition Center.

Vehicle Requirements

Battery Cable - All vehicles displayed in the expo must have the positive battery cable disconnected and taped using UL approved plastic electrical tape. A special plastic bag must then be applied and taped. The 4-1/2" x 6" 3 mil. plastic bag with fastener will be provided by security officers as the vehicles enter the building.

Gas Tank Level - The vehicle's gas level cannot exceed 1/4 tank or 5 gallons, whichever is less. All vehicles will be checked as they enter the center to make sure that the gas level requirement is correct. If the gas level exceeds the limit, the vehicle will not be permitted to enter the building.

Gas Cap Requirements - If the gas cap door can be opened from outside your vehicle, the vehicle must have a locking gas cap. If the gas cap door must be unlocked from inside your car, then a locking gas cap is not necessary, but the standard inside gas cap must be taped.

AC/DC Converters - Cars using AC/DC converters must have the security system fuse disconnected to prevent the public from setting off vehicle alarms.

Prior to public opening, all vehicles will be checked to see that all gas cap and battery cable requirements have been met.

NOTE: *A Fire Marshal will be on duty throughout all public hours of the auto expo.*

Important Rules & Requirements

Vehicle Requirements (cont.)

Vehicle Access & Cleaning - All expo vehicles, except factory display models must be unlocked during public expo hours. All vehicles must be waxed or wiped daily.

Motor Trend Auto Shows, LLC will inspect each display area to see that this service is provided, with the cleaning charges being sent to the exhibitor whose vehicles have been neglected.

Exhibit Blueprints

All vehicle exhibitors participating in the 2018 Utah International Auto Expo must provide a scale electrical blueprint of their display to Modern Exposition Services, South Towne Exposition Center and Motor Trend Auto Shows at least thirty (30) days prior to the opening of the expo. These blueprints will be used by Modern Exposition Services to install electric and phone lines prior to carpet installation. **Please be sure to include telecom and electrical needs, as well as the height of your display properties on your blueprints.** MTAS blueprints can be e-mailed in DWG or PDF format to Steve Freeman at sfreeman@enthusiastnetwork.com.

Signs & Banners

Any hanging signs must be framed and pre-approved by show management. Truss lighting is permitted. Modern Exposition Services has jurisdiction on all installation work.

All signs must be professionally manufactured and have a finished surface on all edges and sides. Signs cannot block the view of other exhibitors. Plastic letters, shoe polish and homemade signs may not be used on any vehicles or in any area of your display or booth. Decorations, signs, banners, etc., may not be taped, tacked, stapled, or otherwise fastened to ceilings, walls, doors, painted surfaces or columns. In the case of a complaint, the decision on whether a sign remains or must be relocated will be made by the Auto Expo Committee and Motor Trend Auto Shows, LLC.

Display Placement

The maximum permissible height for all “M” space displays is twenty-two feet (22’). All “L” spaces have a sloped ceiling. Exhibitors should contact expo management for a ceiling height diagram.

Placement of exhibits cannot interfere, block or extend into other exhibits. An exhibitor could be asked to change the location or configuration of their exhibit or vehicle placement should they interfere with the rights of other exhibitors. All exhibits must be free standing as no supporting wires from the ceiling or draped walls will be permitted.

No back drape in displays. Column drape is allowed provided that it is wrapped close to the column and nothing is stored behind the drape.

Important Rules & Requirements continued

Exhibitor Presentation Restrictions

An exhibitor cannot work, sell or distribute literature from any area other than the space rented by the exhibitor.

All public address systems must be kept to a volume that is not disruptive to your neighboring exhibitors.

Decorations, signs, banners and streamers may not be attached, taped, nailed or otherwise fastened to any ceiling, window, painted surface, or wall of the exposition center.

Under no circumstances are helium balloons or adhesive-back decals to be given away or permitted to be used in the exposition center. Any cost incurred by the South Towne Exposition Center from the use or removal of these items will be charged to the exhibitor.

Music at the Expo

Due to ASCAP and BMI licensing restrictions, there cannot be any music played in any display at the 2018 Utah International Auto Expo. Jingles and commercials produced by a manufacturer that are the property of the manufacturer can be used throughout the expo. Background music through the use of a television, radio, stereo, cassette tape or laser disc cannot be used, as this is an infringement on the original copyright.

Licensing

All exhibitors must be licensed to do business in the State of Utah and have a current sales tax number for any direct retail selling from the expo floor.

Liability

Each exhibitor is entirely responsible for the space allotted him through his contract. Each exhibitor agrees to reimburse the South Towne Exposition Center for any damage to the floor, ceilings or walls within his contracted area.

The South Towne Exposition Center, New Car Dealers of Utah, Modern Exposition Services and Motor Trend Auto Shows, LLC assume no liability or responsibility for any loss or theft. Therefore, it is the exhibitor's responsibility to provide their own insurance coverage for vehicles, exhibits and materials.

Advertising

Adstrategies is responsible for the placement of the multi-media expo advertising campaign. Extensive print, radio and television will be used to target the Sandy area and major markets within a 75-mile radius of Sandy. Advertising will begin well in advance of the opening day of the expo and continue through the final day of the expo.

Exhibitor Support

All dealerships, factories, and dealer advertising groups are asked to proudly support the 2018 Utah International Auto Expo by advertising your participation in the expo. Your usual radio, television, and print ads may be supplemented with a voice-over or drop-in auto expo mention. (Example: “See the New 2018 Fords at the Utah International Auto Expo, January 12 through January 15”). The New Car Dealers of Utah greatly appreciates any expo advertising you are able to incorporate into your regular advertising schedules.

Publicity

Auto expo press kits, pre-expo releases and all publicity will be prepared and coordinated by Paige Porter, Public Relations.

Are you planning to bring a special display, concept car, pre-production model or unique feature to the expo? Please notify Paige Porter at (801) 891-7288 by November 27 to ensure that it is included in the overall expo publicity.

A Press Room will be available for the working press attending the Expo. Please send all press materials directly to the South Towne Exposition Center to ARRIVE no earlier than January 8, 2018 with each package clearly labeled “Utah International Auto Expo, Press Room, 400”.
