EXHIBIT LABOR JURISDICTION

To assist you in planning your participation in your Salt Lake City area show, we are certain you will appreciate knowing in advance that union labor will be required for certain aspects of your exhibit handling. Modern Expo & Events utilizes the local stagehand union for exhibit installation and dismantling, material handling, sign hanging and rigging, and installation of display materials, including flooring. The union allows only full-time, permanent employees of the exhibiting company (no temporary or part-time personnel) to work on the installation and dismantling of their own exhibits. These employees must be clearly identifiable and must obtain a work badge from show management. If additional personnel are required, union personnel must be acquired through the official service contractor (MEE). Non-union temporary personnel acquired from local temporary agencies will not be allowed to perform any type of work that is covered under the jurisdiction of the stagehand union contract.

FREIGHT HANDLING JURISDICTION

Modern Expo & Events has been selected by Show Management to oversee and handle all incoming and outgoing exhibit materials, displays and empty crates. It is the responsibility of MEE to manage the docks and to schedule vehicles for smooth and efficient move-in and move-out of the exposition. All materials shipped to the exhibit facility by a third-party carrier are the responsibility of MEE and are subject to material handling charges. Exhibitors may, upon prior approval from Show Management, deliver and move in and out their own display materials, provided those materials can be carried by the exhibitors employees without the assistance of wheeled dollies, carts, pallet jacks or forklifts. Any materials that cannot be carried by the exhibitor's employees must be moved by union personnel and are subject to material handling and/or labor charges. **NOTE:** Exhibitors may not borrow MEE hand trucks, dollies, flat trucks, pallet jacks or other freight handling equipment. Exhibitors may not bring their own freight handling equipment to unload or load exhibit materials. Cartload service is available.

IN GENERAL

Union members at all levels will be instructed to refrain from expressing any grievance or directly challenging the practices of any exhibitor. All questions originated by labor are to be expressed only to MEE and/or the exhibit manager. Exhibitors are asked to refrain from voicing complaints about labor directly to union personnel. Any complaint should be brought to the attention of MEE. **The solicitation and acceptance of gratuities, in any form or amount is strictly prohibited.**

Rules and Regulations for Exhibitor Appointed Contractor

An Exhibitor Appointed Contractor (EAC) is any company other than Modern Expo & Events (MEE), the Official Service Contractor, that an exhibitor may wish to use inside the exhibit hall before, during, or after the show.

Usually, an EAC is contracted to set or supervise the setting of an exhibitor's display. **An EAC may not perform any of the following functions: Drayage/Material Handling, Electrical, Plumbing, Mechanical, Booth Cleaning, Booth Security, Floral, Telephone, Food & Beverage Service, and Draping and Decorator Labor.** However, an EAC may be contacted to supervise the procurement of items listed above.

An EAC must provide the following to MEE no later than **30 days prior to exhibitor move-in**. Requests received later than 30 days prior to exhibitor move-in will be denied.

- 1) The above form must be filled out completely and returned to MEE.
- 2) EAC must furnish current certificates of insurance naming MEE as additional insured for both liability and workers compensation. Liability coverage must be at least \$2,000,000 aggregate and \$1,000,000 each occurrence. Workers compensation coverage must be at least \$1,000,000 aggregate and \$500,000 each occurrence. Failure to provide proper insurance documentation will result in EAC being barred from the exhibit hall.
- 3) EAC must provide payment in full for all services ordered from MEE. Please see Payment Policy sheet for more information. The exhibitor is ultimately responsible for any charges incurred by its EAC. Any unpaid charges incurred by an EAC will be collected from the responsible exhibitor prior to the close of the show.
- 4) EAC must confine its activities to the exhibit space of the contracting exhibitor. No storage areas, service desks, or work facilities will be allowed.
- 5) EAC may not solicit business on the exhibit floor.
- 6) Exhibit hall, service and storage areas, and loading docks are under the control of the Official Service Contractor and all activities must be coordinated through MEE.
- 7) MEE accepts no responsibility for damage to any exhibitor material under control of the EAC or to material that has been left in public areas such as aisle ways, loading docks, storage or work areas, or hallways.
- 8) EAC employees must identify themselves to MEE personnel and wear appropriate identification badges at all times. Temporary identification badges will be available from the MEE service desk if necessary.
- 9) EAC and its employees will conduct themselves within the governing show rules as established by the show management or association. Such rules may include rules governing the appearance and conduct of workers and during what hours work may be performed. Please check with show management to verify the details of such rules.

Any EAC who has not provided the above information at least 30 days in advance of exhibitor move-in will be barred from the exhibit hall.

Benefits of Advance Shipping to MEE Warehouse: Storage of materials for up to 30 days prior to your show. Delivery of materials directly to our booth space prior to you scheduled move-in time. Many convention centers and hotels do not have facilities to receive and store freight and may refuse a shipment sent to them prior to show dates.

How to Ship to Advance Warehouse: Remove all old shipping and empty storage labels. Fill out and attach enclosed Advance Shipping Label (s). Complete enclosed Material Handling Form. Confirm receipt of your shipment prior to leaving for the show. All shipments must have a Bill of Lading showing number of pieces, weight, and type of merchandise. Certified weight tickets must accompany all shipments. Take the time to make sure your shipment (s) is properly packed. MEE is not responsible for any damage that occurs in shipping. Please do not ship uncrated or blanket wrap items to warehouse. These types of items should be sent directly to show site.

How to Ship Direct to Show Site: Consign all domestic shipments c/o Modern Expo & Events. Remove all old shipping and empty storage labels. Fill out and attach enclosed Direct Shipping Label (s). Complete enclosed Material Handling Form. Confirm receipt of your shipment prior to leaving for the show. All shipments must have a Bill of Lading showing number of pieces, weight, and type of merchandise. Certified weight tickets must accompany all shipments. Take the time to make sure our shipment (s) is properly packed. MEE is not responsible for any damage that occurs in shipping.

Freight Carriers: Select a carrier with trade show experience. Make sure to give your carrier specific instructions, including dates and times when shipments must be delivered and picked up. Delivery and pick up times for trade shows often fall outside of "normal" delivery hours. Make sure your carrier is committed to and capable of meeting target dates and times. Make sure to plan not only for your shipment to the show, but for your return shipment, as well.

Damage: Relative to shipments consigned to MEE's warehouse, MEE will exercise all possible diligence and care in receiving, handling and transporting your shipment. MEE shall not be liable for loss or damage from fire, natural disaster or contingencies beyond the control of MEE. In any case, the liability of MEE is limited to \$0.30 per pound with a maximum of \$50.00 per item, and a maximum of \$1,000.00 per shipment while exhibitor goods are in MEE's warehouse or MEE-owned and operated vehicles for delivery to show site.

Estimating Material Handling Charges: Material Handling charges are based on the weight of the freight. Shipments are billed in increments of 100 pounds and are rounded up to the nearest hundred. There is a minimum charge of 200 lbs. on many shipments. Please refer to the Material Handling Estimate sheet for pricing details. MEE cannot and will not accept collect shipments. Crated and uncrated shipments must be separated on individual Bills of Lading with separate weight tickets. Failure to separate crated and uncrated shipments will result in the entire shipment being classified as and charged at the uncrated/special handling rate.

Crated Materials are materials that are skidded, crated or is in any type of container that can be unloaded at dock level with no additional handling required.

Uncrated/Special Handling Materials are materials that are loose, not skidded, pad wrapped, cannot be unloaded at dock level or any item without proper lifting bars or hooks.

Off Target Surcharges may apply to shipments that arrive before or after the Advance Delivery dates or before or after the Direct Delivery dates and times. Off Target surcharges may also apply to shipments that arrive with incomplete or inaccurate documentation, including Bills of Lading, certified weight certificates, incorrect consignee information, improper booth number, etc.

Machinery Labor and Equipment: Labor and equipment for uncrating, un-skidding, positioning, leveling, installing, dismantling, re-crating and re-skidding must be ordered separately. See the Forklift and Labor forms to order these services.

Storing Empty Containers: Properly labeled empty shipping containers will be picked up from your booth space and stored. They will be returned to you as quickly as possible following the close of the show. Depending on the size of the show, it can take between two and twelve hours to return all empty containers. Please plan accordingly. Labels are available from the MEE Exhibitor Service Desk on show site. Do not store any materials or valuables in containers marked "empty." MEE has no liability for items sent to empty storage in crates. Empty crate storage should not be considered secure storage.

Outbound Shipments: Each outbound shipment must have a completed MEE Bill of Lading accompanying the shipment. Bills of Lading are available at the MEE Exhibitor Service Desk.
